Monday evening a party was held at the Y camp by a group of young people numbering sixteen. The party was planned by Miss Christine Mutch and was a success. ## Kidney and Bladder Troubles Conquered or Money Back

For 40 years, said Dr. Carey, I have been prescribing Marshroot for kidney and bladder sickness and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price, on the money back if dissatisfied plan.

Beware of kidney "disease"—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have specks floating before the eyes, puffy eyes, clammy feet or moist palms, backache or sideache, you ought to get a bottle of Dr. Carey's Marshroot-right away.

It has wonderfully benefited tens of thousands of cases of kidney and bladder troubles and is the medicine you can always depend upon. Results are guaranteed.

NOTE—Dr. Daniel G. Carey was a practicing physician for many years and his great Prescription, Marshroot added thousands of sufferers from kidney and bladder troubles. Hereafter you can always get this effective prescription in both liquid and tablet form at Quilley's Pharmacy, W. L. Gokley and all reliable pharmacists the country over. Keep in mind the name Dr. Carey's Marshroot prescription No. 277. No other medicine can take its place. Advertisement.

## Young Girls Need Care

FROM the age of twelve a girl needs all the care the thoughtful mother can give. Many a woman has suffered years of pain and misery—the victim of thoughtlessness or ignorance of the mother who should have guided her during this time.

If she complains of headaches, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter make life easier for her.

Lydia E. Pinkham's Vegetable Compound is especially adapted for such conditions. It can be taken in safety by any woman, young or old.

### Read How These Mothers Helped Their Daughters

Guttenberg, N. J.—"My daughter was all run down and had fainting spells often, had a bad complexion, and suffered at her monthly periods. Her grandmother had been taking Lydia E. Pinkham's Vegetable Compound for the Change of Life, and got a bottle of it for her. She began to improve with the first bottle and took five in all and was entirely restored to health. For a time she had not been able to attend school, but she does now. She recommends Lydia E. Pinkham's Vegetable Compound to her friends and I give you permission to publish this letter as a testimonial."—Mrs. CATHARINE MCGLOVE, 304 24th St., Guttenberg, N. J.

Roxbury, Mass.—"My daughter is a schoolgirl and she suffered very much with irregular periods, painful cramps and dizzy headaches. She was sometimes as long as three months between her periods and when they came she was not able to do her school home lessons because she could not even sit up. A copy of one of your little books was left in my letter-box and she began to take Lydia E. Pinkham's Vegetable Compound for her troubles. She is now in good health, is regular and can help me with the housework when not in school."—Mrs. VICTORIA G. SPIESSERT, 74 Bragdon St., Roxbury, Mass.

## PROTECTED BY WHITE BONE

How People of Eastern Algeria Guard Themselves Against the Glimpse of the Evil Eye.

People who live in eastern Algeria always have a few beehives near their homes. Sometimes the Berber will place the beehives on the roof of his house.

The Berbers know bees so well and like honey so much that from earliest infancy they look upon the bee as a friend who must be guarded and need not be feared. The Berber housewife takes great care of her bees. She makes sure that a sand storm suddenly sweeping across the great desert will not utterly ruin the beehive. She protects the hives, their store of honey and the workers who make the honey by covering the hives with mats.

Underneath the beehives, in plain sight of every one who passes, a white bone swings in the breeze. The Berber is superstitious, and his chief fear is danger from the evil eye.

Fear of the evil eye has come down through the ages. It is common in many other countries, particularly the south of Europe. In all these lands, various talismans are supposed to ward off the dangers of the evil eye.

The chief reliance of the Berbers is placed in a white bone. Any bone will serve so long as it is white, and so placed that it catches the eye of the passer-by.

The bone is believed to catch the glance of the person who may have an evil eye. Being attracted by the gleaming white bone, the glance of the evil eye is believed to be held by it and kept from banefully falling upon the object it is placed to protect.

### Different Methods.

Elsie—My mamma got a nice present yesterday and she drew her arm around papa's neck. What does your mamma do when she gets a nice present?

Eddie—She tells daddy she'll forgive him, but he mustn't stay out late again.
